How to use this sheet

1. Ten words a day, said out loud by a grown-up — the bee is oral, so the speller should hear the word before seeing it.
2. Circle the misses. Come back to circled words first the next day.
3. Each tier builds on the one before: a 5th grader going for the championship should know One Bee cold, then Two Bee.
4. Play it: every word on this sheet is read aloud in a real voice at **beebrawl.runvault.io**, with definitions, missed-word review, and online matches.
